

ABHAY

**CASHEW
PROCESS
MADE** *Easy*

Sorting or calibration of Raw Cashew Nuts, not a priority in the present day process, helps in complete control of process thereby reducing broken and overheating of smaller kernels, hence profit maximization.

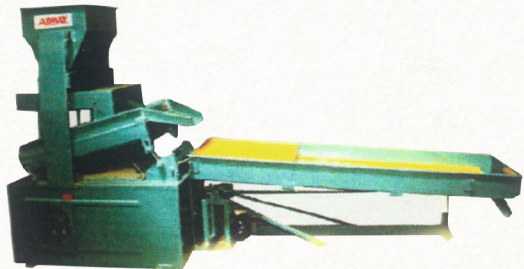

Raw Cashew Nut Grader

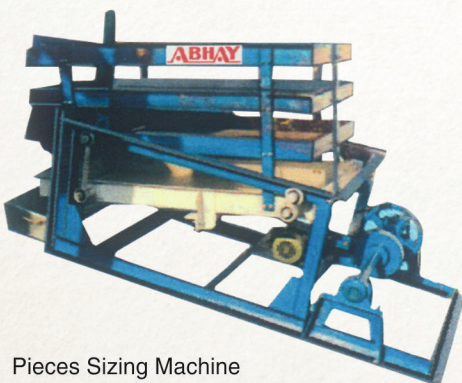

Vacuum and Gas Filling Machine

Steam Drier

Husk Wining Machine

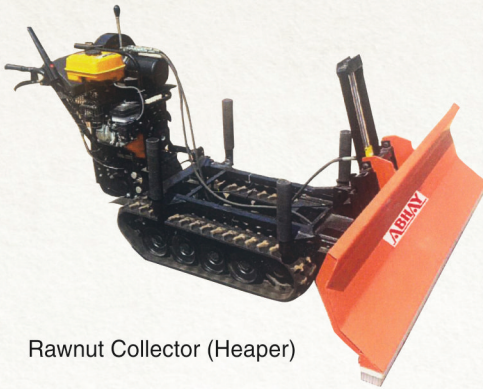

Pieces Sizing Machine

Kernal Tin Filling Machine
Four/ Eight Tins

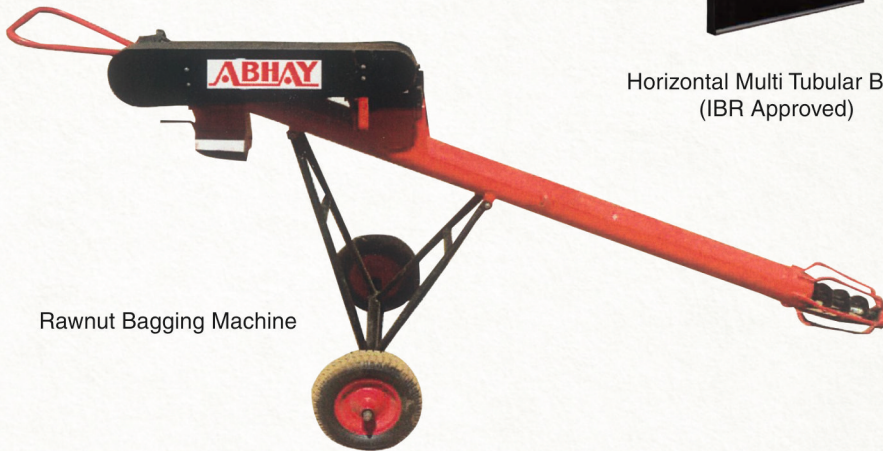

ABHAY

Rawnut Collector (Heaper)

Horizontal Multi Tubular Boiler
(IBR Approved)

Rawnut Bagging Machine

Cashew Cooker

Small Industrial Boiler
(IBR Approved)

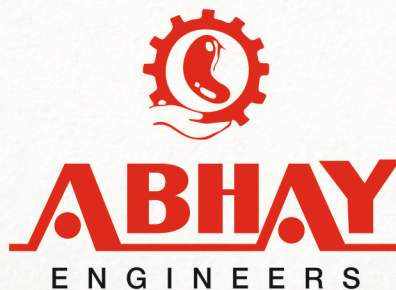

Automatic Cutting Machine
